

CHAPTER 24 – THE DAY. BEFORE D-DAY.

*20 05 2022 Friday. Frank arrives in
Modena. 4 Fingers calls Giacomo. Asks
Giacomo for final bill.*

Frank drives past Milano. The car is immediately tracked.

Ivan sms's 4 Fingers. "Bugatti heading South. Audio pickup is shit."

Ivan sms's 4 Fingers. "Bugatti back at Hotel."

4 Fingers sms's Ivan. "Got your messages. Was getting worried."

Then he calls Giacomo.

"Frank's back in town. Papers will be signed tomorrow. Do you want to know?"

"No. My job is done. Finished. I just want my money. I am getting nervous."

"Why?"

"We need better and more expensive hacking for this kind of job. We cannot monitor the conversations and the Bugatti gets out of range on a long trip. And I saw a big gorilla looking suspiciously in the cafe. He is worrying me."

"Will soon be over Giacomo. If we were to split tomorrow, how much would we owe you?"

"All the payments are up-to-date."

"If it's done by tomorrow. Let's see: Giacomo 4000, Hacker 4000, Pilot 1000, bits and pieces another 1000. That's 10,000 euros. About 12,000 American. The girl is your problem. Pay her or not, up to you. She works for you."

"Well, I will tell Angelo to get the cash ready."

"When would I get it?"

"Next flight in Rome is Wednesday. It will be with Francesco."

"Thanks Johnny. But I'm out. The hacking will be off after tomorrow. No offence."

"None taken."

"How much is owed on the Alfa?"

"It's on lease. But \$25,000 will do it."

"I will tell Angelo to fix that. Ciao."
