

CHAPTER 27 – ANGELO AUTHORIZES REVENGE.

21 06 2022 Tuesday. The Hit: Angelo decides to take his revenge on the Paneladros.

4 Fingers was told to take some time off while Angelo ponders his future. Sometime later, 4 Fingers gets a call from Angelo.

Angelo is depressed and lost half his fortune. He asks for 4 Fingers help to do the final job.

This demise was started by the continuous squeeze from the Paneladros on Angelo's illegal revenue. That's what pushed him onto the Costanzo attempted but failed coup.

Of late, the Paneladros wanted half the prostitution earnings from Angelo. Sergio Paneladro calls him threatening his family. Angelo refuses.

Tommy's car was burnt in the Tavola Calda parking lot in Norfolk Street. Then two properties went up in smoke.

Angelo had enough of this but still does not want to use guns and certainly no killings. However, that thinking was changing and fast.

But somehow he is prepared to carry his vendetta on the Paneladros. When Angelo called, 4 Fingers was in England visiting family members. He promises him a good deal and part of the business. Johnny flies to Newark to hatch a plot. They sit down to discuss.

"Johnny, I want to retire. Make peace with my wife. Live another ten years. Keep out of trouble. Somewhere in Montana. Maybe a ranch. Or maybe retire around Palermo where his parents came from."

"I'm selling property. Two. I want to get liquid cash. But I want Vendetta. I want to clean up the Paneladros – all of them, at all cost. Okay. You plan it. You execute it. Not interested how you do it. I promise you a big pay day. Johnny, remember YOU are an Innovator. And I truly mean it".

Angelo crosses his forehead.

“You get 150 big ones. 50 for your pocket. 50 for immediate expenses. 100 when you deliver. When the job is done you can take the prostitution over, only if we still have it. It will be a bonus and a headache. No money owing. Tommy will be out of any prostitution involvement. He will only run restaurants – honest business. You will not get Tommy involved. No more girls.”

“Fat Fabio Paneladro. Eldest of the brothers. He is the Capo. Absolute cunt. 2 daughters married. They live in New York.”

“Sergio. Middle One. Narcotics and Drug Distribution. Not married. His house is **The Bank**. Him and his dog. 2 guards always outside. All guards live, shit and sleep in the cars 24/7. 6 hoods, 3 shifts, 8 hours per shift.”

“Valentino. Youngest. Known as “Vale”. Stud. Loves himself. Runs the prostitution. Young wife. One girl. 5 years. You know him well. You delivered our money to him regularly.”

“Of late he has been putting pressure on Tommy to give up half the girls’ takings. No profit left. I want the three fuckers taken out. Boom Boom Boom. Don’t care how. Don’t want to know how. Hopefully you take them out in a spectacular fashion. And I don’t care how you do it.”

“I’ll work on it Angelo.”

“This is a new mobile. I have 3 more here in my drawer. I will buy more if I need to. Very private for communications. After any call from you I get rid of it. Call only if you must. Only by text.”

“The message will be like this: 4F. The first 3 digits always the same. The last seven, back to front.”

“4F. Last seven back to front. Got it.” Johnny smiles.

“Before the big day. You send this message. ‘4F. Arrivederci’. The number as usual. Oh Johnny, best not to show your hand on this. With one finger missing. Got it. Sonnerfeld will put \$50,000 in your account

today. Look after the cash. Here is some extra juice. 5000 dollars, go have a good time. Go.”

Johnny smiles and leaves.
